

# AGENDA

INSTALLING  
RELIABILITY

- 08:30 - 09:30 Registration and Get-Together
- 09:30 - 09:45 Opening ND SATCOM Factory Event  
Alexander Mueller-Gastell, CEO, ND SATCOM
- 09:45 - 10:00 Welcome to Immenstaad  
Johannes Henne, Mayor Immenstaad
- 10:00 - 10:30 Fireside Chat with Alexander Mueller-Gastell  
CEO, ND SATCOM  
Virgil Labrador, Moderation, Editor-in-Chief, Satellite Markets  
and Research
- 10:30 - 10:45 Xperience the NDS-Factor  
Alexander Mueller-Gastell, CEO, ND SATCOM
- 10:45 - 11:00 Designing & Installing Reliability  
Michael Heuken, Head of Business Unit Broadcast & Government,  
ND SATCOM
- 11:00 - 11:45 Panel Discussion: How Good is Your Satellite  
Network Without Security?

Security is one of the, if not the most important, concerns in the development and operation of satellite space and ground segments. This panel will provide insights into the latest security solutions and technologies, best practices and highlight some successful use cases from the satellite operators and network providers.

Virgil Labrador  
Moderation, Editor-in-Chief, Satellite Markets and Research  
Dr. Michael Weixler  
Head of Strategic Business Development, ND SATCOM  
Mr. Omar Diab  
Vice President Global Sales, XipLink  
Mr. Andrzej Puscian  
CEO, GISS  
Mr. Yacine Felk, Ph.D.  
COO, CYSEC

# AGENDA

INSTALLING  
RELIABILITY

11:45 - 12:00      **Defence - Making Missions Possible**  
Dirk Walther, Head of Business Unit Defence, ND SATCOM

12:00 - 13:00      **Networking Lunch**

13:00 - 14:00      **Live Demo | Airborne Solution**  
*This live demo shows you how quickly our self-adapting system adapts to the speed of the rotor and how efficiently this system behaves under a real helicopter on ground.*

12:00 - 17:30      **Exhibitions & Guided Tours**  
*Technology Station (R&D)  
Satellite News Gathering (SNG Truck)  
Antenna Systems, HPAs, Monitoring & Control System  
Antenna & RCS Test Range  
Geo Redundant DVB Solution  
Air Traffic Control (ATC)  
Critical & Security Networks  
Tactical Communications  
Integrated Logistics Support (ILS)*

15:00 - 15:30      **Networking Coffee Break**

15:30 - 16:30      **Live Demo | Private SOTM**  
*The current changes in our world demand network solutions that can be brought quickly and efficiently to where they are needed. In this demo, we show live how easily mobile (SatCom On-The-Move, SatCom On-The-Pause) and stationary (FlyAway, Man-Pack) terminals can be combined in a flexible satellite network without the need for a large hub station.*

from 18:00      **Summer Party**  
*Enjoy the Music and Catering in a relaxed atmosphere and use the time to talk to our Experts.*
