ND SatCom has been a supplier to the Satellite Communication industry for over three decades and has built up an excellent reputation for consistently developing high-end satellite communication products at competitive prices to our customers in more than 130 countries worldwide. Our team of dedicated engineers work closely together with customers worldwide to develop, tailor and adapt our product portfolio for broadcast and network solutions to future market requirements with most reliable quality standards.

The Waveguide Switching System is ideally suited to the RCU 5000 series and HPA Ku-Band series manufactured by ND SatCom. Predefined cable sets with easy integration of the complete redundant system in a dedicated designed outdoor frame or complex switching systems with filters, hybrid couplers according to customer needs are also possible.

Each unit is individually tested with test procedures which are prepared and released by the Prime System Engineer. Our switching system is the best choice for high performance redundancy applications specifically tailor engineered and adapted for the customers.

**KEY FEATURES**
- Compact design
- Easy Installation
- Safe and Ease with Maintenance
- Outdoor Version
- Designed for ND SatCom RCU applications
- Compatible with ND SatCom HPAs
- Standard cable set

**OPTIONS**
- Crossguide coupler
- Air inlet & pressure window
- Antenna/Load Switch
- Polarization Switch
## TECHNICAL SPECIFICATION

### RF SPECIFICATIONS
- **Frequency Range**: Ku-Band (12.75GHz – 14.5GHz)
- **Waveguide Size**: WR75
- **Insertion loss**: < 0.3 dB
- **VSWR (Max.)**: 1:1.22
- **Max. Power capacity (Load)**: 1000 W

### ENVIRONMENTAL SPECIFICATIONS
- **Temperature Range**: -35 °C to + 65 °C

### PHYSICAL SPECIFICATIONS
- **Mechanical Size (LxWxH)**: 1082 x 695 x 790 mm
- **Shipping Dimension**: 1380 x 1080 x 1290 mm
- **Weight without HPA (approx.)**: 40 kg

### INTERFACES
- **Controller**: RCU 5000 series
- **Mountable HPA (750W)**: 2712B, 2713B, 2712BL, 2713BL, 2713BUL, 2713BU

### ORDER CODE
- **Redundant**: E·41A16475
- **Antenna/Load Switch**: Option 1
- **Polarization Switch**: Option 2
